DETAILED ACTION

1 This action is responsive to the application filed on September 10, 2003.

EXAMINER'S AMENDMENT

2 An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Deborah M. Sharfman on December 21, 2004.

The application has been amended as follows:

In the claims:

In claim 39, in line 2, insert -- dyeing --before the word "composition".

In claim 41, in line 2, insert -- further-- before the word "comprises".

3 Claims 1-47 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

4 The following is an examiner's statement of reasons for allowance:

The closest prior art of record (US 5,708,151) teaches a cationic imidazole azo dye compound having a formula in which an imidazole radical is attached to an azo (-N=N-) group and two benzene rings separated by (-NH-) group (see col. 9, Example 1, second formula), which is similar to the part (W₁-N=N-W₂-NW₃-W₄-) of the claimed formula (1), when in the claimed formula (1), W₁ is an imidazole radical of the claimed formula (II), W₂ and W₄ are

represent the claimed formula (IV) and W_3 is a hydrogen atom. However, the prior art of record does not teach or disclose a multi-compartment device, process for dyeing hair or a hair dyeing composition comprising at least one cationic azo dye compound of the claimed formula (1), in which W_5 is a 5-membered nitrogenous heteroaromatic radical as claimed. Further, the prior art of record does not teach or disclose a cationic azo dye compound of the claimed formula (1). Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of hair dyeing formulation or in the art of synthetic chemical compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
